

Part No.

2015A10

Description

Cohesive Sampler. 10ml

Nominal Sample Volume

10ml

Material of Construction:

Outer Tube	316 stainless steel
Inner Rod	316 stainless steel
Tip	316 stainless steel

Method of Construction:

Welding, welds ground & polished

External Polish:

<1 Micron Ra

Scraper Length

45 mm

Overall Length:

1030 mm

Diameter of Outer Tube:

25 mm

Nominal Weight of Sampler:

1870 g

Tip thread type

M23 x 1.5
